Do You Scrape?

If you do we can furnish you with the needed articles to scrape with. The Columbus Steel Scraper is the handiest for quick work on plantation or road work and the R-volving Scraper is a little handier. If this is too warm work for you, buy a good Bengal Razor and take a scrape. Don't know us? what's the difference, call in and scrape up an acquaintance and you will find that you are treated so well that you will want to come again.

General Hardware, Paints, Oil, Bicycle, Leather, etc., etc.

G. CLEVELAND CANDIDATE

Princeton, N. J., Feb. 24.—It is learned that ex-President Grover Cleveland has signified his intention of attending the dinner to be given at Delmonico's on March 2d in honor of Carl Schurz. This will be Mr. Cleveland's first public appearance in New York politics since 1896.

Princeton, N. J., February 23.—Grover Cleveland is to be a candidate in 1900 for his third term as President. His initial move to this end is to be taken at a dinner of the New York Democratic Club to be given at Delmonico's a week from tonight. In his speech as the guest of honor there he will outline a new national policy for the Democratic party, and inferentially offer himself as the standard-bearer when it is ready for a public test.

The keynote of the new Cleveland policy will be anti-imperialism and anti-expansion. The currency question is to be relegated to the background in large measure as a question already practically settled by popular decree. It will be held that the future of the Nation hinges on the right settlement of the questions dealing with the territory acquired during the recent war, and that the settlement can rightfully be only upon the basis of "Government only by consent of the governed," and not always then, as will be inferred from the way he dealt with Hawaii during his second term.

NAVY BILL FINALLY PASSED.

Washington, Feb. 23.—The naval appropriation bill finally passed the House this afternoon after four days of acrimonious debate, most of which was spent upon the question of rehabilitating the naval Academy at Annapolis in accordance with the scheme inaugurated by the appropriation of half a million in the last naval bill and the proposition to increase the maximum price to be paid for armor plate to \$545 per ton, existing law limiting out to \$400. Upon both propositions the naval committee suffered signal defeats. The amendment to build a great armor plant was ruled out upon a point of order, but after a rancorous debate, in which the price to be paid for armor was cut down from \$545, the price which the committee insisted was being paid for the new Krupp armor to \$445 and a proviso was added precluding the Government from paying more than was paid by any other foreign government for similar armor.

BAILEY'S
BIKE
ITS

We have now on tap a supply of pure and unadulterated and, free to all, direct from our own windmills, guaranteed to ride easier than any other brand on tap in Honolulu, puncture proof and free from oil or any substance that could possibly injure the most sensitive tire. Remember that a blow at Bailey's will go farther than any other in town. We have the finest thing in connection for free air, no hose, no trouble. Talking about Puncture Proof, we shall have in stock in a few days a tire that a Kluge cannot penetrate. We sent to the maker a full line of tires for a trial, the factory experimented with them and found that the Milwaukee Puncture proof Tire is impervious to the worst Kluge they can find. It is also as easy to ride as any first class tire in the market. Puncture Proofing, is not effected its resiliency, no metal strip in the tread. For sale in the Hawaiian Islands exclusively by

Bailey's Honolulu Cyclery.

DEPARTURES.

Friday, Mar 3.
Stmr Mikahala, Thompson, for Makaweli, Waimea and Kekaha at 5 p. m.

ITEMS FROM HARBOR FRONT

The Moana was about an hour late in getting away for the Colonies last evening.

The Garonne sails for Seattle and Tacoma, Tuesday, March 7. Henry Waterhouse & Co are the agents.

The Celtic has hauled alongside the Oceanic wharf where she will hasten coaling operations and sail as soon as possible for Manila.

The schooner A J West, 483 tons, has been chartered by the S E Slade Lumber Co to load lumber at Gray's Harbor for Honolulu.

The James Makee, being shut out of Kapaa on account of the weather, and seeing no prospects for immediate betterment of the conditions, may take on a load of sugar at Hanalei and return to port.

The Mikahala will go to Kauai without a purser. Guy Kelly, who went out in her on the last trip, will remain at his own post and John Grube, the regular purser, who went to Kauai in the Hall as a witness in a case now before the Circuit Court there, will pick up his vessel at Makaweli.

The mainmast of the Edward O'Brien went through today.

Purser Tuft of the Mauna Loa reports signs of activity in the crater of Kilauea. Much smoke was seen during the week.

The Upolu sails for Honolulu this afternoon. The steamer is a little out of her schedule time, having made an extra trip to this port with sugar last week. She will try to get back into port by Wednesday, her regular time. The Upolu's regular time of sailing is always a day after the sailing of the Kona-Kau packet Mauna Loa.

Steamer Laurada, recently bought by Sol Simpson, and which became famous as a filibuster in Cuban waters, will come off the Tacoma dry dock in a few days, probably the latter part of the week. It is understood the repairs to the Laurada will cost approximately \$20,000. She has been on the dock two or three weeks already, and has received many new plates, especially near the water line. Other repairs have been made to the ship. It is said the owner of the Laurada is negotiating with the intention of putting her into the government transport service on the Pacific.—Maritime Record.

PASSENGERS ARRIVED.

From Hawaii and Maui ports, per stmr Mauna Loa, March 3—Mrs Gartenberg, Tom Smithies, Prof Fetterer, Yuen Chong, J Lazzaro and son, Mrs Archer, Wm Hopper, C Ah Chong, Mrs Morton, Miss Auld, G H Gorin, the Misses Bartels, H S Townsend, W O Smith, Mr Innes and wife, Sai Hing, W Berlowitz, Mrs Hays—1 den and 58 cabin.

Hawaii Shipping Matters.

Purser Tuft of the Mauna Loa makes the following report on Hawaii shipping matters: Cleaned out Honolulu. No sugar at Ponahlu. H A Co started grinding March 1. Very strong winds all week. Very little rain. Iwalei expects to leave Hamakua this evening [Friday]. She will leave 3500 bags at N S Co and 20:00 at P S M. Fair weather and very little rain. The Kohala district has had a great deal of rain. There are about 7:00 bags at Lahaina. The Keauhou expects to leave tomorrow night. She was at Kananapali this morning.

Sails, Etc., of Edward O'Brien.

The La Nina hauled alongside the Inter-Island wharf this morning, laden with the provisions, sails, tackle, anchor and other articles from the wreck of the Edward O'Brien. The La Nina has been out by the wreck about two days and during that time, has stripped the vessel clean—so clean, in fact, that should it be necessary to take down the yards, the loosening of three or four ropes on each, will do the work.

Transit Delayed.

The schooner Transit was to have gone away for San Francisco today out the delay in arrival of a schooner from Hamakua with 1200 bags of sugar to top off her cargo, has caused a longer wait than was at first anticipated. Should the expected schooner arrive today, the Transit will get away on Sunday. Otherwise she will not get away until next week.

FEBRUARY DEATH RECORD

The mortality report for February gives the number of deaths in Honolulu as 70, of which 24 were without medical attendance. Probably, as explained in connection with the January report, there has not been an actual increase of unattended cases from former months. The undesirable showing is doubtless due to the strict rule made by the Board of Health, a couple of months ago, forbidding the acceptance of certificates with the names of physicians as attending who had not attended the cases.

By nationalities there were 33 Hawaiians, 13 of them from one to five years of age—ten of these under one year; 7 Chinese, 8 Portuguese, 9 Japanese, 5 United States and 7 of other nationalities. Four were non-residents. Males 39, females 31. The total of 70 is against 65 in 1898, 38 in 1897 and 78 in 1896, for the corresponding month.

The annual death rate per thousand for month was 24; Hawaiians 34.43, Asiatics 16.54, all others 20.16.

Causes of death range from 12 deaths "unknown," or half of the "unattended," and 11 consumption, down to 1 each 17 maladies and accidents.

OUR LINE IS FULL

Of the very best grades of new and popular style of Shoes. Our stock is a thoroughly good stock in every respect. You will find it good because its styles are not only tasty, but desirable and serviceable. GOOD because its assortment is varied and complete.
